Hello. Well it looks like summer is finally with us. Lots of bikes on the road especially yesterday - Bank Holiday Monday. Be careful, they are not all as skilled as perhaps they could be, or some of them think they are! The groups magazine “RIDERS” recently won the IAM Roadsmart magazine of the year award.

A big well done to Nick Farley and John Gardiner for all their hard work over the years. A just reward.

Next Machine Control Day

Saturday 22<sup>nd</sup> June 0900

Ebbfleet Stn Car Park D

This is the second MCD of 2019. Free to KAMG members.

£10 for non members (plus the completion of a disclaimer form)

Book your place on Tracker - we will need Observers to help on the day.

Practice slow riding skills in a safe, helpful environment.

At the MCD in April we had nearly 50 bikes attend!

I welcome your news and views and articles to share  
with KAMG members.

Associates and Observers - are you having difficulties getting out together for observed rides due to work, family commitments or other reasons? Maybe I can help as the Associates coordinator. Let me know and I could organise extra rides with a different Observer or maybe re- allocate you on a more permanent basis. We are here to help but cannot unless we know about your situation.

Ian Burchell IDCAM and Associates Coordinator.

Which reminds me..... Steve Riches (and others) offer any group member inc Green Badge holders, the opportunity to have an assessed ride with an experienced Observer to see if you have kept up your riding skills. Please speak to Steve for further information.

We are also considering offering some “Pot Luck” ride days when you can turn up and have a ride out with an Observer. Is there interest amongst the Observers, Associates and group members. Let us know.

On a sad note I have heard the news that one of our founder members, Harry Mumford, has passed away . He leaves his wife Hilda who was also a member and our thoughts are with her at this sad time . I will forward details of the funeral as soon as his son Karl lets me know.
